## THE "WHEELING."

Council Committee Preparing for  
Trip to the Pacific.

## MANY OF WHEELING'S CITIZENS

Intend Being in San Francisco the Com-  
ing Spring to Attend the Ceremony of  
Launching the New Vessel—Mr. Fran-  
zheim Selecting Designs for the China  
and Glass Service—That Punch Bowl.  
Citizens' Committee Appointed.

At the meeting of the city council on  
Tuesday evening the request of the spe-  
cial committee to which was detailed  
the matter of presenting to the new  
United States gunboat, "Wheeling," a  
silver, china and glass service, was  
authorized to expend \$250 on the china  
and glass ware. Mr. C. W. Franzheim,  
president and general manager of the  
Wheeling Pottery, is now in the east,  
selecting designs for this ware, which  
is to be made here in Wheeling, the  
china at the Wheeling pottery and the  
glass ware at the Central glass works.

The committee is now at work, select-  
ing a proper piece of silver ware in the  
punch bowl line, and expects to be able  
to get the proper thing for something  
like \$600. At Tuesday's council meeting  
it was feared that some members, in a  
fit of unbecoming economy, might ob-  
ject to the expenditure of such an  
amount by the city, but the general feel-  
ing among both councilmen and the  
public seems to be that "while we are  
about this, let's do it well."

The special committee of council  
which will attend the launching cere-  
monies at San Francisco, and at the  
same time present the china, glass and  
silver service, is composed of John  
Waterhouse, chairman; Alex. Camp-  
bell, Herman Zwicker, Fred Williams  
and Thomas L. Brown. This committee  
was empowered to select five citizens  
to act in conjunction with it. These  
gentlemen have been selected: Ex-  
Mayor Jacob W. Grubb, Charles H.  
Copp, James P. Maxwell, Allen Brock  
and Sheriff H. C. Richards.

Through the present council will have  
explored before the "Wheeling" is  
launched, it will continue to act until  
the work assigned to it has been com-  
pleted, which may be in February or  
in May, the date of the launching of  
the gunboat having not yet been settled  
by the navy department officials.

It is thought probable that a number  
of Wheeling people, aside from the com-  
mittee of ten, will be present at the  
launching. It is said that the commit-  
tee will select a Wheeling young lady  
to officiate at the launching.

Among the young ladies who have  
been mentioned in connection with the  
launching of the gunboat, is Miss  
Edith Maxwell, eldest daughter of ex-  
Councilman James P. Maxwell, who is  
one of the citizens' committee that will  
take part in the ceremonies on the oc-  
casion of the launching of the "Wheeling."  
Miss Maxwell, who is now a student at  
Barboursville College, in the lower part  
of the state, is in her fifteenth year, and  
is a very handsome girl. She has par-  
ticularly distinguished herself in obedi-  
ence, and for this reason would accept-  
ably act at the christening. Another  
young lady mentioned is Miss Brown,  
daughter of ex-Sheriff Brown, of this  
county, who now lives on the Pacific  
coast. The only objection that can be  
urged to her selection is that she is not  
now a resident of Wheeling, and certainly  
not a Wheeling girl.

## MUSICAL WHEELING.

Much of the interest in the Pittsburgh  
Orchestra concert will naturally centre  
about von Kunits, the solo violinist, who  
plays with the organization here. Lui-  
Maria von Kunits is an Austrian by  
birth and had his musical education un-  
der the finest violin teachers in Europe.  
At an early age his talent for music was  
so pronounced that he was placed under  
the instruction of a master recognized as  
a most promising violinist. He has more  
than fulfilled the promise and is now in  
the rank which is attained by very few  
players. He became the leader of the  
famous Krethmann Orchestra, where  
his success was so great that he was  
chosen leader of the National Austrian  
Orchestra which was sent to the Colum-  
bian Exposition. His talents were at once  
recognized here and he determined  
to remain in this country, as he realized  
the chance given here to musicians of  
ability. In 1895 he appeared as the solo-  
ist with Theodore Thomas and the Chi-  
cago Orchestra and won the highest  
praise from the best critics. He has  
come forward rapidly in the musical  
world and was this year secured as the  
concertmaster of the Pittsburgh  
Orchestra, and his coming to the Smoky  
City was very gratifying to the musi-  
cians there. He was most cordially re-  
ceived and his fine work fully appre-  
ciated. Mr. von Kunits is a composer  
of rare ability and will present here a  
new concertistic fantasia for violin, ac-  
companied by full orchestra.

Director Frederic Archer has arranged  
a high class programme which will  
contain many popular numbers, and as a  
whole a more delightful programme  
could not well be arranged. It will be  
printed in full to-morrow morning. The  
box office opens this morning at Ham-  
mer's for the subscribers' sale and on  
Saturday to the general public. An ef-  
fort was made to see every one in regard  
to the subscription, but many persons  
could not be found owing to the busy  
season before the holidays.

## ANOTHER GREENHOUSE

Enterprise East of the City—Extensive  
Plant to be Established.

Wheeling is to have another extensive  
nursery, one which will do credit to the  
city. The deal was consummated this  
week when Husecroft Brothers leased  
from William Row his property on the  
Pentagon, formerly occupied by the  
brick yards. The land leased measures  
300 by 100 feet and the lease is to run ten  
years.

An Intelligence reporter saw Mr.  
Chancey Husecroft yesterday and  
through him learned of the intention of  
the firm to erect twelve greenhouses,  
each measuring 100x18 feet. The latest  
heating apparatus will be used to keep  
the place at a proper temperature all  
the year around and all modern con-  
veniences will be used in the construction  
of the houses, and two large boilers will  
furnish the steam and hot water.  
All kinds of plants will be grown and  
cultivated and some very rare specimens  
will be grown for the first time here.  
Work on the buildings will be com-  
menced April 1 and will be pushed  
through rapidly. The Messrs. Husecroft  
are displaying great enterprise. Since  
their coming to Wheeling and deserve  
success in their new undertaking.

## VIOLATES THE LAW.

Persons who Place "Stickers" on Coins  
Liable to Severe Punishment.

During the past few weeks several  
people have complained of merchants  
in various branches of business plac-  
ing stickers on silver dollars for ad-  
vertising purposes. The scheme is to  
have a "sticker" printed the exact size  
of the coin and stick it on the reverse  
side of the dollar so rigidly that it is  
almost impossible to get it off. This is  
in direct conflict with the law and any  
person found guilty of it is liable to  
severe punishment as will be seen from  
section 549 of the revised statutes of  
the United States, which reads as fol-  
lows:

"Every person who fraudulently, by  
any act, way or means, defaces, mutil-  
ates, impairs, diminishes, falsifies, scales  
or lightens the gold or silver coins  
which have been, or which may here-  
after be coined at the mints of the  
United States, or any foreign gold or  
silver coins which are by law made  
current, or are in actual use and cir-  
culation as money within the United  
States, shall be imprisoned not more  
than two years and fined not more  
than \$2,000."

## The Modern Mother

Has found that her little ones are im-  
proved more by the pleasant Syrup of  
Figs, when in need of the laxative ef-  
fect of a gentle remedy than by any  
other, and that it is more acceptable to  
them. Children enjoy it and it benefits  
them. The true remedy, Syrup of Figs,  
is manufactured by the California Fig  
Syrup Company only.
